Résumé: (traduction alternative) Canyon climb this time upstream, varied, red granite, blue-green pools, slides and slides		
Hydrologie:		
Accès: (traduction alternative) From the N198 that connects Bastia with Bonifacio, at Solenzara take the D268 towards the mountain pass of Bavella. After 17 kilometers of curves, cross the Larone saddle, descend in a series of hairpin bends, cross the Purcaraccia and about 1000 meters further on you will find a large rock surrounded by the trunk of a tree. Here you can park the car.		
Approche: (traduction alternative) About 100 m further on the road we reach the bridge over the Polischellu.		
Tour: (traduction alternative) Up to 2 hrs up, about 1.5 hrs back to the bridge, 30 min down to the Vacca. Climb up the streambed until you reach an 18m cascade. Here you turn back if you are without rappel equipment; otherwise you bypass the 18 m drop as well as the following 22 m cascade to rappel both again afterwards.		
Retour: (traduction alternative) As you walk up and down the Polischellu in the canyon, you also come out again at the bridge, but you can also follow the stream down to the Vacca and then continue along it or climb back up to the car on the orographic left bank. Access from the top is also possible, but more difficult.
