Automatisch importiert von Descente-Canyon.com für Canyon Cresta Le débit a bien diminué à 36h de la dernière grosse pluie. Manque un bout de corde pour relier certain point qui succède aux mains courantes.belles cascades. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/24072/observations.html)

Vertical stream a bit in the woods with some waterfalls that are worthwhile, it is to be done with the high flow at this time (traduction alternative)

There's a metal walkway, and the next section is missing the handrails. You can use the masts to make up for this without any problems. The rest of the handrails are fine. Perfect for the beginning and end of the season. (traduction alternative)

Normal scope. Where there is a metal catwalk and the next rappel the arms are missing. Trees can be used to remedy the lack without problems. The rest all in good condition. (traduction alternative)
