Rapports:		
2024-10-03 Pepijn Hoeksema ★★ 📖★ 📍★ 🌊 Normale 🍏 Terminé The canyon was okay. At the beginning, there was one spot where we would have liked to see a bolt, and in other areas, the bolts are placed in a way that creates a lot of friction. Further along, this improves, and the anchor points are in better condition. We didn't use the shuttle. We had a bit of trouble finding the correct path out of the exit straight away, but once you're there, it's easy to navigate back to the car with a map.
