| Résumé: Speleocanyoning | | |
| Hydrologie: Relative small water catchment area, water levels can be checked at the exit, touristic cave entrance and in the upper canyon (40 aniversario) | | |
| Accès: Valporquero, take first road left (sign for Atalaya), large parking. | | |
| Approche: From parking Atalaya, head east on a rocky trail to the gated entrance (2025: no key needed). | | |
| Tour: Many fixed ropes (often 3 lines, it gets busy in high season), but a few abseils still have to be installed. The most impressive one is the 3rd one, which is overhanging and dropping into a room with beautiful formations (25-30m). The bigger abseils can be broken down to 30'ish meters or done in one go with 50/60m ropes. Two more splashy abseils outside, followed by a river crossing or flying fox (tyrolienne). In high season: count more time and dress warm for possible waiting times. | | |
| Retour: After the 2 abseils in open air, cross the main stream (if low water) or use the Flying Fox a little downstream. | | |
| Coordonnées: Départ du Canyon 42.9088 -5.5519 | | |

| 2025-03-05 Jeroen Kirchner ★★★★★ 📖★★ 🪚★★★ 🌊 Haut 🍌 Terminé Done after canyon 40 aniversario. High flow but possible thanks to local guide. Luckily i visited the touristic cave as well, bcs the beauty of it is obviously more impressive (lights, deco...) than the traverse. All alone in both the cave, canyon and traverse. | | |
