**Résumé:** (traduction alternative)
Northwest-oriented and stepped forest canyon, here parts II+III of III

**Hydrologie:**

**Accès:** (traduction alternative)
Coming from Bad Tölz we drive on the B 13, past Lenggries, to the Sylvenstein reservoir (21.5 km). Arrived at the top of the dam, we keep right on the B 307 in the direction of Fall, Vorderriß. 2.3 km further on - and 200 m before the turnoff into the village of Fall - we turn left (2nd turnoff) into Dürrachstraße. We park our car on the parking lot for hikers in front of the no-driving sign.

**Approche:** (traduction alternative)
We continue along the tarred road for 1.4 km in a southerly direction - Bächental. We then cross the Dürrach, which babbles deep below us. A few meters further on we come to a junction and take the turn-off to the left (signpost "Walchenklamm"). Another 750 m further on we reach the bridge over the Schürpfengraben. This is a good place to judge the water flow. 120 m after the bridge, we take the path up to the right. This is followed by a path.
At the 3rd leftward haipin bend (875 m above sea level), a path turns right again, which leads us down into the streambed to the beginning of part III (length 750m, access height 875m, number of rappels 10, highest rappel 21, recommended ropes 2x30m, v3,a2,II).
For the entry into the II. We climb further uphill at the 3rd leftward haipin bend. At the 11th left serpentine and a longer "straight" we turn right off the path and descend keeping left into the streambed to the start of part II. Starting altitude 980m. See also map!
There is another access point at an altitude of 1170m (see map). However, the descent to the entry to part II has not been verified by the author.

**Tour:** (traduction alternative)
Descent in steps, occasional slides and jumps. Then the rappel under the bridge. Then walk out in the open gravel bed to the reservoir.

**Retour:** (traduction alternative)
At the lake shore turn left until you can wade over to the west shore. Then onto the gravel truck track and at the left bend of the track straight ahead along the forest path near the lake. At the exit of the forest path turn left onto the path that leads steeply up the slope to the tarred road. There after a few meters to the parking lot.
