I followed Bertogna's route. Amazing rock formations, beautiful rappels—especially the final one with the rock arch and lake view. Unfortunately, it was very short. Well-equipped. (traduction alternative)

It is very short, with 2 beautiful rappels, the arch over the lake is distinctive, but in general it can be done in half an hour... if you really go this way... (traduction alternative)

Parked along the street between the small church and the quarry worskhop towards the lake, approach in 10/15min to "ponte degli alpini" where the canyon starts. Many small pitches, generally very slippery, towards the end with the characteristic fall with the suspended pool which flows out through the broken rock wall like a hole in a pot, with anchor point very exposed out on the right. Wonderful view on Orta lake, once down swimmed towards the left until overcoming the garden of the villa and its gate, after it climbing up on the road and back to the car.
