Résumé: (traduction alternative)
Dry canyon, can be combined with Via Ferrata

Hydrologie: (traduction alternative)
Dry

Accès:

Approche: (traduction alternative)
At the exit of the slope to the chapel on the left, then turn right down past the chapel until you reach a good path. Follow this to the left until a path on the right leads downhill. Thick ropes are available.
Alternatively, there is now a via ferrata that you can follow from below. This exits at the entry point, from here you could then walk over the chapel to the other arm and thus have a little more variety on the way down.

Tour:

Retour: (traduction alternative)
With the vehicle parked at the bottom or via ferrata back to the entry.

It was dry, with a few sections where we had to run; since the via ferrata often started at the same spot where we wanted to descend, we just scrambled down a few sections. (traduction alternative)
