<b>Tour:</b> (traduction alternative) Nice canyon, similar to Tenasses or Leyvra, but shorter and more incised. Has quite a bit of wood in it, but hardly bothersome.

## Rapports:

We did a short tour at night, in the middle you can downclimb a new C5 through a tunnel. We jumped in the red rock at the exit, but it's not particularly deep. (traduction alternative)

The exit after the red rocks on the left is fine, at the top you can park in the bends. You can even balance over a tree trunk. (traduction alternative)

Everything OK. Some trees but not problematic for the progression. Some garbage (rest of cars ?). We exit directly on the left after the last waterfall, when the rocks are becoming red. Steep and not comfortable. Seems that it is better 100m after.

Great if it has enough water. (traduction alternative)

Canyon after it had fallen into oblivion. Not very long but nice for the area. Good to combine with another canyon in the valley. (traduction alternative)
