**Spécialités:**

**Matériel:**

**Résumé:** (traduction alternative)
Fun canyon, with many rappels, and a trickle of water in the rainy season, which can get strong if the rains are intense but the rest of the time it will be dry. Perfect to continue with the more aquatic Abdet/Mela.
We will be able to make combination, or not, of cars, so much to make only this one, as to combine the two ravines.

**Hydrologie:**

**Accès:** (traduction alternative)
To get to Abdet take the CV-70 in Benidorm or Alcoy and at km 24.3 turn to Abdet. Once in the village continue to the end of it where there is a parking next to a restaurant.
If we have two cars with the access car we will continue along the road, after 800m we will cross the entrance to Mela's bank, from here we continue almost 1km more, after a sharp right turn that we pass a torrontera, we will have a left curve with two large stones on the right (access) we can park here or a little further on in a clearing on the right.
If we want to leave a car at the exit of Abdet, from the parking lot of the village we can continue down with the car and take the detour to the left, a few hundred meters later we have a right turn and parking space on the left next to the sign of the EDAR of the river.

**Approche:** (traduction alternative)
How to get to Mela and Sord
If we have left the car in the village we will go by the road until the indicated curve.
From the stones we will go straight ahead along the path, soon approaching the watercourse and zigzag down to the riverbed.

**Tour:** (traduction alternative)
Open in its first part, it will become narrower and more beautiful as it approaches the Mela.

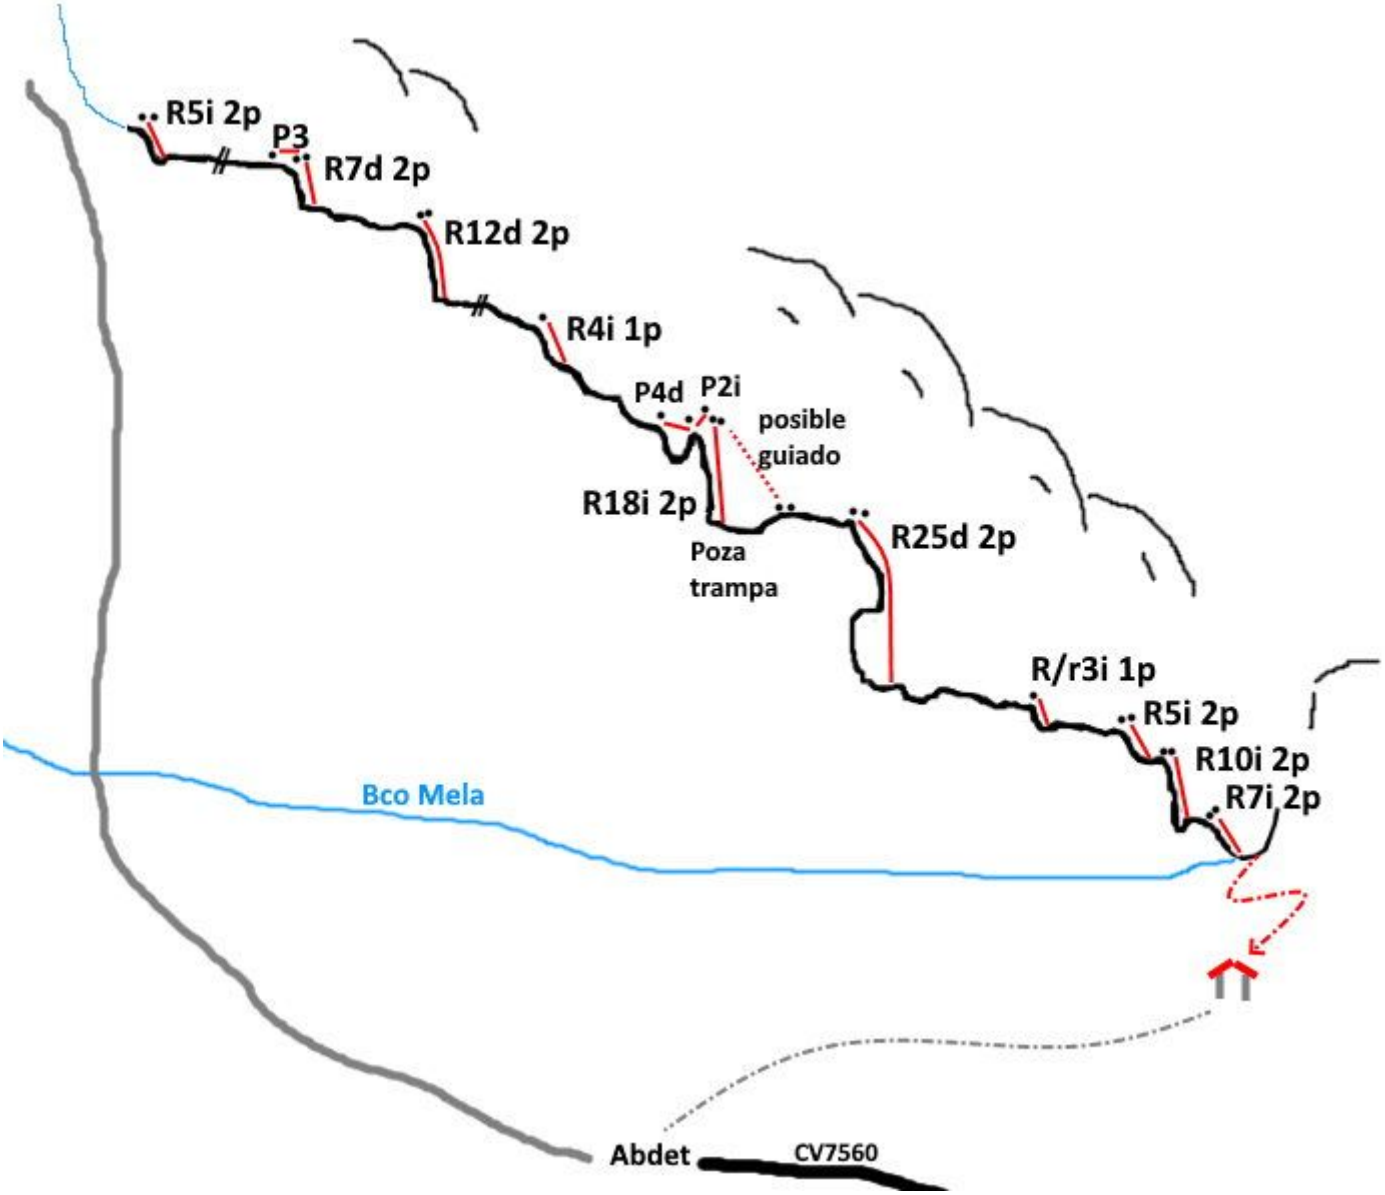

**Retour:** (traduction alternative)
When we reach the confluence with Mela, we can follow it and leave by the return of Mela. Or we can go up Mela a few meters to a pool, on the right bank we will see a path that goes up to a house (escape from Mela), from the house it is clear to follow the track to the village.

**Coordonnées:**
Départ du Canyon 38.7018 -0.2523
