<b>Résumé:</b> (traduction alternative) The Feientobel is a forest canyon, the adjoining Fallbach a high rappel.		
<b>Hydrologie:</b> (traduction alternative) <a href="https://vowis.vorarlberg.at/stationsInfo/tbl_Abflusstationen.aspx">https://vowis.vorarlberg.at/stationsInfo/tbl_Abflusstationen.aspx</a>		
<b>Accès:</b> (traduction alternative) From Dornbirn on the B 190 south (about 7 km) to Hohenems - or via the exit 'Hohenems' of the highway Bregenz - Feldkirch. From the B 190 in about the center of Hohenems turn off southeastward and follow the signpost 'Schuttannen' steeply uphill, first on paved, then on unpaved road. At a little over 1000 m above sea level, you reach a plateau with some alpine pastures and park in front of the barrier with the pasture grate.		
<b>Approche:</b> (traduction alternative) Through the iron turnstile you come to the field path, which runs in a northerly direction, first level, past a well trough on the right and left, then slightly sloping down into the forest. On a bridge you cross the Feienbach. About 100 m further on, the path branches. Take the left branch and walk down on it until you cross the Feienbach again. On the orographic left bank, follow the path downstream for about 200 m to the entry at or slightly below the walled step. Alternative access from the valley: <a href="http://www.tfj.ch/karren-dornbirn/dornbirn-fallbach.html">http://www.tfj.ch/karren-dornbirn/dornbirn-fallbach.html</a>		
<b>Tour:</b> (traduction alternative) Only at the beginning attractive forest canyon with fairly smooth terrain. In this form something for collectors. Usually rather poor water flow. If you do not exit at the end of the Feientobel left on the path, but continue downstream, you come after a few hundred meters to a supposedly 100 m high rappel (can probably be broken after about 60m), which is perhaps the 'highlight' for correspondingly interested. Then, however, the ascent on the mentioned path from below is recommended (cf. link above at access alternative) or an elaborate transfer of the vehicles.		
<b>Retour:</b> (traduction alternative) Either after the exit of the Feientobel on the path that crosses the stream here left up and back to the car (60 min.) or continue in the Fallbach and down into the valley near Dornbirn. There to the car parked here for the exit.

A beautiful forest canyon with a final abseil of a good 90 meters. Wonderful view, at the 90 meter rappel, all the way to Lake Constance. Beautiful canyon. We parked one car near the parking exit and then took the second car to the Karren cable car. One-way ticket with the cable car 11.90 euros. From the mountain station we hiked via Kühberg on a partly narrow path directly to the entry. From the entry point, we first hiked along the streambed to the first rappel. With short slides and rappels, it goes nicely downstream. Only one place with a lot of driftwood. At the crossroads, we first walked a few meters along the wire rope from the hiking trail to the right, then descended back into the streambed. At the high rappel there are two stands with chains. We rappelled from the upper to the lower one, about 10 meters. From the lower stand, directly at the edge, we descended about 90 meters vertically, partly in the water. Stands all ok. 2\*100 meters of ropes are enough. All in all a nice short canyon. We needed just under 2 hours for the canyon. (traduction alternative)
