Résumé: (traduction alternative)
Short forest canyon tour with 9 equipped abseiling points in a partly slippery environment.

Hydrologie:

Accès: (traduction alternative)
By car to Pöckau, orographic left directly at the Kokra stream, the road goes up 350m to the meadow parking lot at the last house.

Approche: (traduction alternative)
The map only shows the old way up anyway.
First 50m along the pipeline to the east, then steeply up the cart track via a few hairpin bends. Past the electricity pylon and up another step. Then the path leads horizontally roughly southwards over the Kokra into the valley. Either descend shortly before, using a hand rope down the steep forest to the stream 50m, or up to the boulder wall and then leisurely in.

Tour: (traduction alternative)
From the boulder wall it is 250m to the first narrow section where you put on the neo. There are currently a total of 9 abseiling points. No waterfall is higher than 9m. You should only have 2x20m of rope with you, as the first double waterfall is rappelled in one. The watercourse has a good grip but is very slippery in places. At

Retour: (traduction alternative)
2min to the boulder barrier, before that orographically left onto the hill and follow the path to the car, 5min.

Now all the waterfalls have been measured with the laser and a topographic view drawn. Now we also have a small forest/canyon gorge nearby. (traduction alternative)

2025-06-19 | Friedl Martin | ☆ |🕮 ★ ★ |⚓ ★ ★ | ≋ Normale | 👍 Terminé
We started the tour today, there are currently 7 abseiling points, probably 2 more to come, we took a tree to save time. (traduction alternative)
