Résumé: (traduction alternative)
Varied canyon, partly technically demanding, longer runs. Many access and (emergency) exit possibilities.

Hydrologie:

Accès: (traduction alternative)
From Cilaos we take the D242 direction Ilet Dijoux and Ilet à Cordes..We drive north out of Cilaos on the RN5. We meet the D241 (at "Les Thermes") and from here we drive 4.2 km to the bridge over the Bras Rouge. Here we park our car nearby.

Approche: (traduction alternative)
Above the bridge, downclimb into the streambed using fixed ropes.

Tour: (traduction alternative)
For the upper part (I) see video (from 11:15 min). Followed by 2 rappel with 50m each (possible before the second exit on footpath. Then longer section to Chapelle. For Chapelle see video https://youtu.be/7AgOBxWqdQg (12.11.2017) - from 14:00 min.

Retour: (traduction alternative)
From the "Chapelle" a few hundred meters downstream, then we take the footpath up to the left. An intermediate descent of almost 100 meters of altitude brings us down to the footpath of Ilet à Cordes. On this up to the road in Cilaos where our car is. (02h 10')

Stands in good condition. Some jumps possible. The slide is certainly a highlight (you can climb back here and also jump) - we got off before the slide on the right. Tour bridge to slide approx. 1h, return approx. 20min. (traduction alternative)

All stands tip top. If you do not like exposed hanging stands, rather not recommended (the 4th stand is reached by spreading step. Best to send the tallest of the group ahead). Otherwise worthwhile completion of the Integral. Doing only the Inf., in my opinion, does not pay off or one misses the more beautiful places of Med. and Sup. (traduction alternative)
