Résumé: (traduction alternative) Interesting, entertaining rappel canyon with some slides.		
Hydrologie:		
Accès: (traduction alternative) Coming from Locarno, turn into Valle Verzasca in Gordola and follow the road to Lavertezzo, passing through Motta (small bar on the left). Shortly afterwards you cross the stream and reach the parking lot on the left behind a second stream (June 2023 CHF 5/day).		
Approche: (traduction alternative) From the parking lot, follow the road back towards Motta. A staircase and an access road to a meadow appear on the left, which you follow. At the edge of the forest, a small path branches off to the left (blue markings from RIC 2018, arrow with wavy lines). First you cross the Vallegg della Rozzera, after about 10 minutes you reach a small, picturesque settlement, at the exit of which a path leads to Cortasc, another small settlement. Here you look for the path between the houses to the stream, which you reach after about 10 minutes.		
Tour: (traduction alternative) The tour begins with small steps and some slippery spots. When you reach the lower houses again, it becomes open and sunny and the rappels higher.		
Retour: (traduction alternative) Cross the stream to the fence, from there a small path leads to the parking lot in 2 minutes.

Better grip than expected. After the rain yesterday (30mm) and the last time the canyon was in superiøre conditions. (traduction alternative)

Always very slippery in the water, but it goes well. The water is already very warm here. (traduction alternative)

Quite slippery in the water, most of it can be walked on dry. Beautiful clear pools at the top, becoming darker at the bottom. (traduction alternative)

Instead of Rozzera lower part, walked over here and rappelled the beautiful rocks from the lower part Valegg del Pian. (traduction alternative)
