<b>Spécialités:</b>			
<b>Matériel:</b> Cordes: 1x60m+2x30m			
<b>Résumé:</b> (traduction alternative) Primitive forest canyon with a high rappel.			
<b>Hydrologie:</b>			
<b>Accès:</b> (traduction alternative) Park your car at the Kaiserhaus on the Brandenberger Ache (below the Kaiserklamm gorge). You get there from Kramsach first in the direction of the Sonnwendjoch chairlift, then from the parking lot of the valley station along the orographic right bank of the Brandenberger Ache in the direction of Aschau. After the village sign of Aschau, do not drive into the village, but turn right and continue up the Brandenberger Ache until you reach the large parking lot at the Kaiserhaus (14.5 km from Kramsach, see also the approach in the photo gallery on Cwiki). We park the car here.			
<b>Approche:</b> (traduction alternative) We walk along the road to the bridge over the Brandenberger Ache (at the lower exit of the Kaiserklamm gorge). A few meters beyond the bridge, a path leads off to the left, which takes us up to a forest road. On this 450m to the right (east) we come to another slope. Turn left (west) and then head north. We ignore the turn-offs to the Brandalm (left) and the Breitenbachalm (right) and cross the Breitenbach. A few hundred meters further on, the forest path bends in an easterly direction and walks towards the Eilegger ditch. At the bottom, past a hunting lodge, we come to the bridge (entry).			
<b>Tour:</b> (traduction alternative) At the beginning, many smaller steps, mostly for downclimbing. Then the 60m diagonal rope. Then again smaller drops until, at about 850m, the Weißgriesgraben enters from the right. Then the smaller steps continue until the gorge widens. At the bridge we get off onto the forest road.			
<b>Retour:</b> (traduction alternative) We now wade across the Brandenberger Ache and follow the path on its orographic right bank through the Kaiserklamm gorge to the parking lot at the Kaiserhaus. If the Brandenberger Ache has too much water for a crossing, we can alternatively go upstream on its orographic right bank to the Trauersteg and cross the river there.
