Sintesi: (traduzione alternativa)
Certainly one of the highlights of the region: 2 different parts, separated by a running track. 1st part partly in the basement, 2nd part in the course increasingly narrow. Left tributary of the Esteron.

Idrologia:

Accesso: (traduzione alternativa)
From Nice, head north on the N 202 towards Digne. After about 17 km, turn left at the Charles Albert bridge over the Var and take the D 17 up to Gilette and continue on a winding road behind the Esteron valley to Roquesteron (approx. 26 km from the Var bridge). 3.5 km after Roquesteron, turn left onto the D 10. After another 3.5 km, cross the bridge at the Riolan exit. Park your car at the exit.
Take the second car back to the D 17 and turn left to Sigale. Through the village and uphill in serpentines. After about 3.5 km from Sigale we pass the old arched bridge deep below us over the Riolan and 500m further on we come to the upper parking lot (yellowed canyoning sign).

Avvicinamento: (traduzione alternativa)
Straight down to the creek.

Giro: (traduzione alternativa)
1st part partly in the basement, no rappel at normal water level. With a lot of water 5 rappels. Exits with the arched bridge. Then running section.
2nd part increasingly narrower as it progresses. No too high rappels. Some slides and possible jumps after prior inspection. The water is mostly naturally cloudy due to the suspended mud.

Ritorno: (traduzione alternativa)
Before the road bridge right up or after the bridge right to the road.

Everything's fine, but the water's low. There's a lot of mud on the walls. And a dead boar in the last section. The anchors are all fine. (traduzione alternativa)

We wanted to go on July 9, 2026. Locals said it was currently off-limits—and indeed, according to www, it’s off-limits due to low water levels, which pose a risk of bacterial contamination and danger when jumping. So we didn’t go in after all. (traduzione alternativa)

All setups are in good order. It's beautiful, and there are plenty of jumps to try. We were the first group to start early in the morning; the water was clear. (traduzione alternativa)
