Idrologia:

Accesso: (traduzione alternativa)

After bypassing Geneva on the Swiss N 1 after the border on the A 40 in the direction of Lyon, Dijon, Paris, After 25 km (from the border) take exit 11 (Bellegarde Center) in the direction of Fragny, Seyssel. 6 km further, at the exit of Mons, turn right on the D 992 and go through Seyssel and Culoz (another 23 km), where you continue on the D 904 (direction Bourg-en-Bresse) for an additional 8.5 km until Artemare (total 62 km from the border). We continue on the N04 for another 9 km and then turn onto the N 54, which we follow (on the right) in the direction of Amberieu-le-Bugey. 17 km further on we turn right to Tenay. Here we follow the D21 in an easterly direction for a few km and then turn onto the D53 towards Chaley. Before reaching the village of Chaley, turn right down to the Albarine. Here we park the car at a place designated for canyoning.

Avvicinamento: (traduzione alternativa)

Take the D 53 to the village and turn left uphill at the first houses. The path ascends on the orographic right side of the slope. Where you reach the water (610 m above sea level) on a level surface, this was the usual entry point. Now take the path on the right to the dam and pipe culvert and enter there.

Giro: (traduzione alternativa)

Varied water hike, also well suited for beginners and for experienced Canyonisti well to combine with the nearby Charabotte.

Ritorno: (traduzione alternativa)

After the 5 m slide (which can be bypassed on the left) and a final optional jump (6 m), head out to the right and along the pipeline towards the village until you reach the access path on the right.
