Specialità:		
Attrezzatura: Corde: 20m-Notseil		
Sintesi: (traduzione alternativa) Geologically impressive short canyon with two attractive slides and the possibility of a high jump.		
Idrologia:		
Accesso: (traduzione alternativa) From Castellane on the Verdon approx. 10 km on the N 85 in a south-easterly direction to Batie (de Peyroules). Or here from Grasse on the N 85 in 45 km. Here, turn off the N 85 in a south-westerly direction and after about 1 km you will come to a no-entry sign on a dirt road. Park here. Since 2006, access has only been possible up to this designated parking lot.		
Avvicinamento: (traduzione alternativa) From the parking lot no longer continue on the slope as before, but on a signposted path to the entry (2017), where from the right the rocky slope reaches completely to the stream.		
Giro: (traduzione alternativa) The stream has eaten into sloping rock slabs, so that there is an almost cave-like atmosphere, where you can sometimes only walk bent over. 2 fun slides and possible jumps (among others after the pool of the 2nd slide on a fixed rope back up to the rock bar; the 12 m jump is already outside the constriction) make the mini-canyon attractive.		
Ritorno: (traduzione alternativa) After the canyon opens, get off to the right at a large pool, meet a path here that goes up the rocky slope and leads us to the approach path that we walk back to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Haut Jabron Faible débit, malgré l'apport de l'orage de la veille. Ok pour les deux toboggans, mais pas le saut dans la vasque d'arrivé du 2eme, niveau trop bas, ou apport d'alluvions..? Automatisch importiert von Descente-Canyon.com für Canyon Haut Jabron RAS, petit débit. Rentrés dans le canyon a 17h, seuls après avoir croisés tous les groupes pendant l'approche.
