It's a route you can take when hiking through the upper rose garden, but otherwise it's only worth it for beginners or family hikes. Still, everything's fine along the way. (traduzione alternativa)

Good conditions—canyoning with the family today for Father’s Day. Water level is slightly higher, but no problem. All fixed ropes are in good condition; some sections are like a via ferrata… Rope needed only for emergencies. There are a few slides and small jumps, but check them out first. Ideally, park at the exit and walk 20 minutes to the entry… saves on parking fees in Hochimst. (traduzione alternativa)

Currently good conditions... nice clear water. Rather a beginner's tour. Can be combined well with the Hachle. (traduzione alternativa)

Children's tour. But it's also fun for adults when the water level is high :D (traduzione alternativa)
