Accesso:

Avvicinamento: (traduzione alternativa)
Take the gondola up to Kilcherberg, and from there head towards Seewli. You can do the via ferrata on the way up.

Giro: (traduzione alternativa)
Start at the left inflow. Not very many anchors have been set and should certainly be added. The highlight of the tour is certainly the 60m waterfall. No polished rocks anywhere, but a fairly continuous tour.

Ritorno: (traduzione alternativa)
Back to the gondola. You can also take the Selderbach to get back to the valley, which is also drilled in. It turns with an 80m step, but is probably already dry when Efibach has good conditions.
