Automatisch importiert von Descente-Canyon.com für Canyon Colombière Super pour l'ail des ours, moins pour le débit ! (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/28/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Colombière On aurait imaginé plus de débit à cette période, dommage. Le débit ayant probablement baissé récemment, les rochers sont très glissants. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/28/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Colombière RAS, glissant mais toujours sympa pour se remettre en jambe en début de saison (: ail des ours à gogo mais pas vu de salamandres ... (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/28/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Colombière Ail des ours et salamandres &lt;3 !! équipement excellent, merci pour le taff ! Tous les points sont brochés et doublés, très fréquemment relais chainés normés. Canyon glissant dès qu'on s'écarte un peu de l'actif. On a mis 4h en travaillant des manips, observant des salamandres et cueillant de l'ail des ours pour le pesto de ce soir &lt;3 (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/28/observations.html>)

Quelques chasseurs sur le chemin à l'aller comme au retour  
Attention je suis tombé dans un piège, une sorte d'agglomérat d'alluvions, ma cuisse est passée au travers, j'aurais pu tomber plus dans le trou. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/28/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Colombière DC+ after the 30-40mm of rain yesterday the canyon was in perfect condition. Each year more wood in the upper part, but the rest remains clear. At this time of year dont forget to notify the hunters with a text message as marked at the parking (+33777467772) so they can avoid walking above and kicking down stones while we have fun in the canyon.
