Idrologia:		
Accesso: (traduzione alternativa) To Villebois as described for the Rheby canyon. From Villebois on the orographic right bank of the Rhone on the N 19 about 11 km southwards to Serrières-de-Briord. Park the lower car in the village, do not park by the church at the exit. Take the second car back in the direction of Villebois. Shortly after leaving Serrières, turn right onto the D32 and follow the winding road eastwards. 2.3 km after the junction, a dirt road leads 400 m down to the stream on the right. Either drive down to the bridge and park there or at the turn-off from the D 32 (parking space is limited in both cases).		
Avvicinamento: (traduzione alternativa) North of the road bridge down to the creek.		
Giro: (traduzione alternativa) Starting in the Trefond, you then come to the Pernaz, in the upper reaches of which the Arodin is crossed. Prohibited in August and from November 1 to April 14. Under a bridge, the wooden sign "CANYON: PRENEZ SENTIER RIVE GAUCHE SUR 500 m" should prompt you to continue along the Trefond (i.e. not on the path over the bridge!) and about 50 m further down the stream, turn left onto a path and walk for 500 m alongside the streambed. It is also easy to connect with nearby Rheby.		
Ritorno: (traduzione alternativa) After the last rappel (R9 - knot rope to climb again - 2018) into the swimming pool (jump possible) out to the right on a footpath that leads to the church in Serrières.

Automatisch importiert von Descente-Canyon.com für Canyon Tréfond-Pernaz Superbes conditions, de l'eau juste assez fraîche pour que ce soit agréable, assez peu d'eau dans Tréfond et plus de débit côté Pernaz. Vu qu'il a quand même bien plu cette semaine, ne tardez pas trop :) (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/223/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Tréfond-Pernaz Une belle âme à installé tout le long du Treffond une signalétique représentant deux traits bleus ondulant.Ce signe correspond au chemin à suivre quand ou peut ou doit éviter de marcher dans l'eau.Ce qui correspond à la consigne de sortir de l'eau après le petit pont et son affluent(En accord avec la fédé de pêche).Merci à l'initiateur de ce tracé.Malheureusement pas trop respecté.On a pu s'en rendre compte ce week avec les 40 ans de l'EFC.Canyonneurs pas trop au courant...
