Sintesi: (traduzione alternativa)
Rappel canyon with fun potential

Idrologia:

Accesso: (traduzione alternativa)
Take the N 532 running parallel to the highway from Grenoble in the direction of Romans-sur-Isere to Rovon. Turn left here and take the D 35 via St. Gervais up towards Rencurel. The Canyon des Ecouges is also signposted. The road first leads up through sparse forest and finally crosses our stream on a bridge below the 65-meter drop. Park the car here.

Avvicinamento: (traduzione alternativa)
Immediately by the bridge into the stream.

Giro: (traduzione alternativa)
Highly frequented canyon, also popular after Ecouges I. Some jumps and slides. Water drainage at entry.\nOnly permitted from May 1 to September 15. \nThe third part (below the described exit) is generally prohibited.

Ritorno: (traduzione alternativa)
After the C 13 and the adjoining pool, a path leads out to the left (signs in the streambed), which would lead down to Le Rez in 45 minutes. However, we do not take this exit, which would require a long shuttle, but continue along the streambed for about 70 meters. There, a (mostly dry) side stream descends in the scree on the righthand side. We now walk steeply uphill in the side stream, or better still across the grassy areas on its orographic right-hand side, until we come to a path. This leads in serpentines up to a slope, which we continue up (approx. 5 min.) until we reach the tarred road. Follow this road to the right for about 400 m back to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Ecouges (Partie II) Toujours aussi beau et ludique, aucun temps mort. Par contre, du point sécurité, ayant évolué, ce canyon mériterai quelques points supplémentaires pour poser facilement des mains courantes à l'aide du SAR. Peu d'intérêt pour le suite, mieux vaut sortir à l'échappatoire du contournement. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/212/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Ecouges (Partie II) Équipement ok, la partie après le C35 n’a pas d'intérêt, il y’a beaucoup de marche et d'embacles. Nous avons croisé un binôme qui nous a dit qu'après l'obstacle de la C35, il faut sortir rive gauche pour rentrer de nouveau dans la fin du canyon avec les derniers saut.
