Accesso: (traduzione alternativa)
Approach directly to Slap Cuc simply follow the signs and park on the large open gravel area at the exit of the gravel road.

Avvicinamento: (traduzione alternativa)
Follow the clearly visible climbing tracks on the orographic right-hand side of the stream until the path changes to the river side. Continue along the path until it becomes steeper. Continue upwards, past fixed ropes until the path leads directly into the stream.

Giro: (traduzione alternativa)
The 5 abseils on the first cascade are surprisingly beautiful and well secured.
Unfortunately, the tour is already over after 5 beautiful abseils. You can now leave the streambed to the left or right and follow the path down. If you want, you can do an additional short rappel at the end.

Ritorno: (traduzione alternativa)
Follow the hiking trail back to the car

Surprisingly beautiful but unfortunately short tour. The first waterfall cascade is really rewarding but also over after 5 rappels. We also took a look at the area above the entry point. The middle section can be easily covered on the hiking trail that runs parallel to the stream. There is a single rappel at the exit. (traduzione alternativa)
