<b>Specialità:</b>		
<b>Attrezzatura:</b> Corde: Notseil - 10m		
<b>Sintesi:</b> (traduzione alternativa) Attractive short hiking canyon with a small rappel/ladder (for 2x fee).		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) From Karak, we first drive about 4 km on the "50" in an easterly direction. Then we turn north onto the "35", the "Kings Highway". After 7 km on the "35", we turn left again in a loosely built-up settlement (signpost: "Batir", Wadi Ibn Hammad, Rakin" and brown signpost: "Wadi bin Hammad Hotspring 20 km"). After about 2.9 km on this road, we come to a traffic circle (in the middle of a pyramid) and take the first exit to the northwest. 680m further on we turn right at the T-junction. After a further 2.9 km, a road joins from the right at a mosque. Continue for another 730 m and take the road to the right at a junction. We continue on the main road through the village - on the right we see a school with a mosque - and then descend steeply in serpentines. The road continues to descend steadily and we reach the wadi, drive through it on a ford and park our car on the other side. <b>Avvicinamento:</b> (traduzione alternativa) From the parking lot, continue along the road, then take the footpath down to the bridge that leads over to the baths, and at the bridge turn right down into the wadi.		
<b>Giro:</b> (traduzione alternativa) Down the stream in the lukewarm thermal water between the narrow gorge walls. The canyon walls are rich in vegetation and sintering, which once formed a kind of roof over the canyon. There is also a 4m rappel that was created during a flash flood (can also be done by climbers without a rope). Finally, you emerge from the canyon into a wide bed of sand and gravel. Apparently you can also go down the left slope first and then abseil into the wadi (approx. 5m) via a water-bearing side gorge.		
<b>Ritorno:</b> (traduzione alternativa) It's not worth continuing, so you walk back through the canyon. A visit to the thermal baths - men and women separately - is worthwhile.

Automatisch importiert von Descente-Canyon.com für Canyon Ibn Hammad Fait par un ami : il n'y a plus de droit d'entrée au Wadi mais par contre 10 jod a payer par famille pour pouvoir passer l'échelle , negociable a 15 jod pour un groupe (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21805/observations.html>)

Automatisch importiert von Descente-Canyon.com für Canyon Ibn Hammad Il y avait des travaux routiers sur le dernier kilomètre avant le wadi et les agents de sécurité ne nous laissaient pas passer. En repartant, une voiture nous a arrêtés. C'était le guide du wadi qui nous a fait passer au-delà des travaux. Nous avons quand même dû payer 5 dinars jordaniens par personne :) mais cela signifiait aussi que nous avons le magnifique canyon pour nous seuls :) (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/21805/observations.html>)
