Specialità:		
Attrezzatura: Corde: 1x30m + 1x40m		
Sintesi: (traduzione alternativa) Rappel canyon, without water flow in summer		
Idrologia:		
Accesso: (traduzione alternativa) Lower parking lot: We drive north on the A-138 from Ainsa in the direction of Bielsa. We come via Labuerda and Escalona to the bridge over the Rio Yaga, where the Miraval canyon exits - 17 km from Ainsa, town center. We pass the hamlet of Hospital and 450 m after the bridge over the Rio Yaga we turn left at an acute angle uphill towards Tella, Revilla. We drive steadily uphill, leave the turn-off to Tella on the right after 5.7 km, continue towards Revilla and after a further 4.9 km come to a sharp right-hand bend, on the left-hand edge of which there is a large open space to park our car. From here it is another 0.9 km to Revilla. Upper parking lot: Continue on the road for another 900m until you reach a parking area in a rightward hairpin bend (several information boards)		
Avvicinamento: (traduzione alternativa) From the serpentine we then take the path that leads roughly horizontally to the NNW and a few minutes later we are at the streambed.		
Giro: (traduzione alternativa) 18 rappels, some of them jumpable. In summer some Marmitas Trampas, the final abseil in the free slope down to the path that leads right to Escuain and the garganta of the same name.		
Ritorno: (traduzione alternativa) After the aforementioned final abseil, turn left onto a good path and follow it up to the road and your car.		
Coordinate: Inizio del canyon 42.5979 0.1403 Parcheggio all'entrata 42.5977 0.1421 Parcheggio in uscita 42.5927 0.1539 Fine del canyon 42.5949 0.1378

Automatisch importiert von Descente-Canyon.com für Canyon Consusa (inferior) Nous avons oublié un double 8 avec une dégain, si quelqu'un l'a trouvé, 07 77 84 71 36. Ce serait sympa.Concernant la journée,Canyon toujours aussi magnifique avec de l'eau.L'équipement est top. Il reste de la neige au-dessus, mais du coup l'eau est très froide, 5° (thermomètre dans le sac) L'air est également très froid. (Quelle: <https://www.descente-canyon.com/canyoning/canyon-debit/20963/observations.html>)
