Sintesi: (traduzione alternativa) This canyon is rarely climbed and runs right next to the road to the Hintersteineralm. At the beginning the canyon is rather narrow and incised, towards the end it becomes more open with a few beautiful sunny rappels into pools. Rather slippery throughout. The belays were renovated in summer 2025. Short approach and descent.		
Idrologia:		
Accesso: (traduzione alternativa) Lexgraben parking lot (exit) south of the Phyrnpass. If you have two cars, park one at Lexgraben and drive one towards Hintersteineralm (until the asphalt road runs right next to the stream, where you can park next to the entry point).		
Avvicinamento: (traduzione alternativa) Follow the road towards Hintersteineralm until you are right next to the stream (after the open barrier), here you can see the stream obstruction.
