Sintesi: (traduzione alternativa)
Unfortunately very crowded (high summer); short but very beautiful canyon; grippy limestone; several bottlenecks and climbing; small siphon; clean water; few short rappels; diving goggles and lamp advantageous; very aquatic canyon.

Idrologia:

Accesso: (traduzione alternativa)
From the village of Rodellar: ri. Huesca --> pass the outdoor club (on the left side of the road) --> through the small village (Bierge) --> continue up the road --> up to the Barranco Fondo hill (signposted + viewpoint) --> take the gravel road on the left for approx. 1.6 km --> parking lot at the exit of the road.

Avvicinamento: (traduzione alternativa)
From the parking lot, walk along the gravel road --> pass a barrier and continue up to a trail marker (Steinmandl+ signs) --> take the path to the right here and walk across the boulder field --> after approx. 20 min. When you reach a viewpoint --> keep left and you will come to the descent path which leads over the steep boulder field to the stream in about 25-30 minutes --> once you reach the stream, take the right side of the stream to the entry point.

Giro: (traduzione alternativa)
A short swimming passage is immediately followed by a mighty labyrinth of rocks into which you first rappel, then rappel and swim (problematic when there is a lot of water)--> the mighty wedged limestone rocks are very impressive --> after the chaos of rocks follows a very narrow, 1m wide part with towering rock faces in which the light is only very sparse (very beautiful part) --> in this part there is also a swimming section and a slide in very dark pools (be careful, very narrow) --> further on you come to a small abseiling point in a slowly narrowing pool --> the water is very narrow and the slide is very narrow. Abseiling point in a slowly opening canyon --> swimming passage --> climbing over small rocks --> at the end you have another swimming passage of about 100m --> the exit is on the right (after a small iron plate bridge).

Ritorno: (traduzione alternativa)
On the right side, hike up the clearly visible hiking trail next to the wooden railings to the parking lot.

A beautiful canyon with plenty of water. Very clear. The times don't really add up, though. We're not the fastest, but we're certainly not extremely slow either. It took us 1 hour and 30 minutes to reach the canyon access. The 1 hour and 30 minutes in the canyon are accurate, and two members of our group made it back in the stated 30 minutes. Most took longer. In my opinion, 40–45 minutes is a more realistic estimate here. (traduzione alternativa)

We set off at 11:00 a.m.—there was only one group ahead of us. It was a super beautiful swimming canyon with warm water and no difficulties. The only part that took us longer than the described 40 minutes was the access. (traduzione alternativa)
