Sintesi: (traduzione alternativa)
Open and friendly rappel canyon that has its high points towards the exit.
First a clarification here. Our canyon, i.e. our stream, flows into a river called the Neda. That's why the waterfalls to the Neda were called "Neda Waterfalls". In order to create conceptual clarity, our stream must therefore be given a name other than Neda. The name Neda becomes even more misleading when you realize that the river into which our stream flows is also used for canyoning.

Accesso: (traduzione alternativa)
If you drive from the coast - Tholo - on the 1410 to the Temple of Apollo of Vasses, you will first come to Neo Figalia, then to Petrolana and finally to Perivolia. Here we turn right and head for our parking lot for access via Figalia, see:

We place the car for the exit a little further down, where the view of the river Neda opens up for the first time:

But at 450m distance this is not necessary.

Avvicinamento: (traduzione alternativa)
We take the dirt road leading northwards. Where it loses itself, we see a cairn on the righthand side, which leads us up to the right. After a while we come to a generally dry streambed, which we climb down to the entry point into the stream.

Giro: (traduzione alternativa)
First many smaller steps with beautiful pools, small slides and possible jumps. Then we come to the 36m waterfall. Tourists can be seen bathing at its foot. This is followed by a smaller waterfall and finally the rappel into the river Neda (from the tree -2023). Here you can admire the gate to the underworld, behind which the Neda disappears (at around 200m),

Ritorno: (traduzione alternativa)
A few meters upstream, a fixed rope traverse leads back up to the footbridge below the penultimate waterfall. From here we take the path to the south, take a look at the beautiful arched bridge and then hike up the road to the car.

The cairns at the access are no longer there. As soon as the dirt road begins to descend, a narrow trail becomes visible on the right. Follow this trail until it leads down to the dry streambed. Anchor points are provided where necessary. Beautiful clear water... certainly one of the more beautiful canyons in the area. (traduzione alternativa)

All hooks ok. Once again the note that this is not the river Neda, but the Neda Waterfalls down to this river. Especially on weekends and holidays brisk Badebetrib in the pools under the C36 and the following. Waterfall. The road to the parking lot can be driven with a 2WD car. (traduzione alternativa)
