Idrologia:		
Accesso: (traduzione alternativa) From the Annecy - Chambéry highway (A 41/E 712), take the Aix-les-Bains Nord/ Gresy-sur-Aix exit onto the D 911 and head (initially northeast) towards Lescheraines, Chatelard for 20 km, then (before Lescheraines) turn left onto the D 912 towards Col de Leschaux. After 1.3 km, turn right onto the D61a to Bellecombe-en-Bauges (another 3 km) and from here head east up to Mont-Devant. Go straight on to the houses and then turn right slightly downhill to the bridge over the Bellecombe. Park your car here. If you have a second vehicle (not necessary), go back to the houses, then up to the right, finally along the Bellecombe up to a clear widening of the road, shortly after crossing a stream coming from the left. Park your 2nd vehicle here (or in the parking lot right next to it).		
Avvicinamento: (traduzione alternativa) A few meters north of the bridge, where the (lower) vehicle is parked, a path begins that climbs steeply, meets a path that we take to the right and come to the tarred road. Follow it until you reach the widening mentioned above. From here we go directly into the stream.		
Giro: (traduzione alternativa) Varied rappel sequence, 2 grotto passages possible. Slippery. Useful in conjunction with the nearby Pont du Diable (same stream).		
Ritorno: (traduzione alternativa) Before the bridge go out to the left.
