Attrezzatura: Corde: 1x25m		
Sintesi: (traduzione alternativa) Short friendly canyon (also very suitable for beginners and obviously well frequented)		
Idrologia:		
Accesso: (traduzione alternativa) From the 'Autoroute des deux mers' A-61 between Narbonne and Carcassonne, 21 km after the junction with the A-9 ('la Longuedocienne'), take exit no. 25 (Lezignan) onto the D-212 and drive in a south-westerly direction to Lagrasse (campsite on the heights before the town). Continue first on the D-23/D-212 upstream in the Alsou valley via St. Pierre des Champs and St. Martin des Puits. 18.5 km after Lagrasse, the D-40 branches off to the left (south-east) towards Terminet. About 500m before the first tunnel (over 3.3m clearance height), there is a parking lot on the left, partly under shady trees. Park your car here. Fee (2023) 4 euros for car, 6 euros for motorhome. Somewhat difficult approach and departure.		
Avvicinamento: (traduzione alternativa) From the parking lot, continue on the road through 2 tunnels (left view down into the canyon). Approx. 50 m after the second tunnel, a 'path' leads steeply down to the river.		
Giro: (traduzione alternativa) 4 smaller rappels, swimming sections, exit possibility before and after the high jump (5-7m) left up to the road. Possible jumps, underground passage. You can bypass the siphon on the righthand side, but if the water flow is moderate you can also rappel into the siphon pump and dive 30 cm through.		
Ritorno: (traduzione alternativa) At the last wide waterfall with a large pool, turn right and walk slightly uphill to a path. It first leads downhill, then left over the stream and side stream, then up to the parking lot.

Automatisch importiert von Descente-Canyon.com für Canyon Terminet Frisquet au début puis le soleil est arrivé. Un tricycle était coincé au départ du rappel rive gauche (ou saut). Nous l'avons sorti et mis sur le côté. Le niveau permettait à peine de s'amuser avec le siphon. Belle descente dans ces conditions.
