Sintesi: (traduzione alternativa)
Alpine canyon, cold water medium to high rappel. The highlight is a 15 m slide, or the C55 at the exit of the tour.

Idrologia:

Accesso: (traduzione alternativa)
Coming from the highway exit Bellinzona Süd, cross the river Ticino, pass Locarno airport and then straight on at the traffic circle to the T-junction. Turn left here and follow the signs into the Verzasca Valley via Gordola, past the dam, along the reservoir to Vogorno (11.3 km from the crossing of the Ticino). From Vogorno, continue along the reservoir to Lavertezzo and from there towards Brione. Here continue in the direction of Gerra. At the exit of the houses of Gerra we park near the bridge.

Avvicinamento: (traduzione alternativa)
Cross the bridge to the right and keep left at the fork (not the first junction to the left, only shortly afterwards). After 300 m, the path winds steeply uphill and then less steeply into the valley. At 1150m the path crosses the stream. Get in here.

Giro: (traduzione alternativa)
Quite a challenging tour with high rappels and a T15, as well as two approx. 50 m high rappels. Partly very incised with narrow forced passages. Critical at medium/high water levels.

Ritorno: (traduzione alternativa)
At the bridge, turn right and follow the path to the large bridge. Cross the bridge to the car.

All anchors are in good condition. Mostly single-point anchors, with double anchors at the high points. Rope protection is required in several places. Very little water, but still clean. Since there was no water in the streambed at the exit onto the hiking trail, we headed to the Verzasca. There, we climbed upstream in or alongside the riverbed to the bridge, then exited via the bank reinforcement (note: the Verzasca can currently be crossed on foot). (traduzione alternativa)

Everything tip top, just a bit slippery. Sharp edge at the 2nd belay from the first high rappel. (traduzione alternativa)

Good grip in most of the most important places. But also very slippery in places. All anchors, jumps and slides are good. (traduzione alternativa)
