<b>Attrezzatura:</b> Corde: 2x50m/ 1x30m		
<b>Sintesi:</b> (traduzione alternativa) Beautiful, vegetated, slippery canyon with 3-person cascade at the end (75m); when there is a lot of water, the canyon becomes dangerous; stances are well established; emergency exit possible before the last 4 rappel left.		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) From Bovec, drive towards Kobarid --> in the village of Zaga, park in a lay-by left of the road before the bridge.		
<b>Avvicinamento:</b> (traduzione alternativa) Walk from the parking lot to the inn --> behind the inn a road goes up --> follow this road for a few meters until a path branches off to the left --> follow this path parallel to the Ujcia --> there are several junctions where you always keep left --> after some time you will come to a meadow with a hut and a fountain --> behind this hut continue up the not always clearly visible path (parallel to the canyon) --> at about 700Hm you meet the stream.		
<b>Giro:</b> (traduzione alternativa) It starts immediately with an approx. 25m rappel --> further short to medium-high rappels follow --> walking passages --> until you come to a 40m rappel with a sharp edge (before that there is an emergency exit) --> after the high rappel there are again some medium-high rappels --> after an approx. 10m rappel comes a short walking passages where you can get off via the visible hiking trail --> short rappel left of the tree --> now it continues really vertically --> in a 3-part cascade it goes down a total of about 75m (C20, C30, C20) --> the pools are not so big --> protection to the stand recommended!		
<b>Ritorno:</b> (traduzione alternativa) After the last rappel left follow the hiking trail to the meadow with hut and fountain --> continue on the hiking trail to the parking lot.

Finally we did potok with clear waters, pools are deeper then last years. Nice flow before the snow melts start Last anchor should be rebuild this year, bolts got damaged.

It was relatively slippery during our inspection because there has been little water flow in recent weeks. Stands are older but fully ok. Forest gorge with a beautiful finale (traduzione alternativa)

Nice rappelling canyon, sharp edge in the waterfall in the middle of the canyon, the last abseiling triple cascade is the best, exposed anchor points and also not in the best conditions. It's also easy to miss the access road, we entered the canyon much higher than the standard start.
