Accesso: (traduzione alternativa)
Leave the A 40 freeway (Geneva-Lyon) when it turns towards Paris in the direction of Lyon. Now 10 km on the A 42 direction Lyon to leave it via the D 77E. Before Amberieu (en Bugey) one comes on the N 75, drives on this to the south. 9 km further one drives over Rhone and turns shortly afterwards in the direction of the east. On the left bank, Rhone goes up for 5.5 km. Here we leave the N 75 and cross to Villebois on the other side of the Rhone. Here we park near the church.

Avvicinamento: (traduzione alternativa)
From the church, we follow the dirt road uphill in a northerly, later north-easterly direction. We cross another path and now follow a path until a sign points to the Rhéby canyon. We continue along the path as it swings over a side stream. Continuing north across a clearing in the forest, we reach the entry point.

Giro: (traduzione alternativa)
Short but attractive, well to combine with the nearby Trefond-Pernaz and/or Arodin. Prohibited in August and from Nov. 1 to April 14 (as of 2012).

Ritorno: (traduzione alternativa)
After the last waterfall (C9) a sign ("sortie canyon") points out to the left. It goes steeply up again to the path on which we came and on this right down to Villebois.

Automatisch importiert von Descente-Canyon.com für Canyon Rhéby Good flow of water, very deep cold pools at the bottom of abseils/toboggans. Spotted a salamander in a pool. Approach and exit well marked with blue paint. Many fallen trees along the exit path. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/224/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Rhéby Jamais vu aussi peu d'eau, toutes les cascades en PF à l'exception de la chatière à sec. Cela glisse pas mal par endroit. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/224/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Rhéby Équipement RAS, pas beaucoup d’eau mais le descente reste jolie et agréable.Attention il y a sûrement eu une course ou randonnée avec des marques bleus au sol (flèches) à l’inverse de le direction de la marche d’approche. Le départ est toujours au même endroit (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/224/observations.html)

Clear water & afternoon sunlight, very cute. The entrance to the cave is tight and uncomfortable, even unwise to go down with a backpack., could very well be dangerous combined with a high flow. Beautiful arrival in the cave and some fun moments. 4 stars if it wasn't for the return trip.
