Sintesi: (traduzione alternativa)
A small but beautiful canyon. Ideal for practicing different techniques in the canyon, as there are many different stands within a short distance. The Torrent de Saint-Crépin can also easily be climbed twice in succession.

Idrologia: (traduzione alternativa)
Usually only a small rinsal. Immediately after rain there can be a large amount of water with a lot of sediment, but only 2 hours after heavy rain there is an optimal amount of water with clear water.

Accesso: (traduzione alternativa)
RN 94 between Embrun and Briançon, stop in the village of Saint-Crépin. Park near the cemetery.

Avvicinamento: (traduzione alternativa)
From the cemetery, walk uphill on the left-hand side of the river. Pass a water reservoir and follow a well-marked path in serpentines. Walk uphill to an altitude of 1250 meters. From here, leave the path towards the canyon by turning right at a green-marked tree. After a short walk between fir trees, a handrail leads to an abseiling point on a tree. Rappel about 15 meters, overhanging at the exit.

Commitment
Little commitment.

Historic
A. Bach, M. Brunello, C. Chillet, P. Droin in September 1991.

Remarks
Beautiful, sunny descent offering a lovely view of the Durance.
This canyon is still called "Torrent de Saint-Crépin".
Canyon rarely flooded; with an "unsurprising" amount of water (visible from the parking lot).
It is possible to take a shuttle bus up to the hamlet of "Le Villard". In this case, the approach time is replaced by a fairly "vegetative" river walk of about ten minutes before arriving at the canyon proper.

Ritorno: (traduzione alternativa)
Exit left via the small path.

Automatisch importiert von Descente-Canyon.com für Canyon Beal Noir Accès au canyon de par le haut, au 13e virage en épingle à cheveux de la piste, une sente par tout droit à plat dans la forêt et ensuite il faut tirer un rappel pour arriver dans le canyon. Jolie canyon correctement équipé un peu glissant. Seuls dans le canyon. Certaines sangles abîmés méritent d'être retirée.
