Dry at the start until a little stream from the side came in. The pools had lots of millipedes and frogs in them, on occasion some crabs. Even though there wasn't much flow the pools didn't really stink. Nice and narrow though not very deep. Feels like someone had too many anchors with them as they drilled this canyon. 50 m of rope was more than enough for this canyon, the highest rappel is less than the 26 m in the description. From the upper parking spot to the canyon in about 15 min, the upper and lower canyon combined just under 3 hours with 2 people, the walk back to the village 30 min.

Great canyon, if you're not disgusted by the thousands of millipedes. (traduzione alternativa)

Little water, but lots of millipedes, great canyon. Integral just over 3 hours. (traduzione alternativa)

As part of an integral walk (I + II). All hooks ok. (traduzione alternativa)
