**Attrezzatura:**
Corde: 2x20m

**Sintesi:** (traduzione alternativa)
Short and entertaining rappel canyon.
Currently (2023) there is a charge of 3 euros per person on the ascent.

**Idrologia:**

**Accesso:** (traduzione alternativa)
From Puigcerda through the Cadi tunnel towards Barcelona. About 10 km after the end of the tunnel, turn onto the road to Saldes. After about 6 km uphill to the west, we turn left onto the road to Vallcebre. We continue uphill through the village. After the last house (dogs on both sides of the road - 2008), the road bends to the right, then to the left and then walks straight ahead. Some houses on the left. After the last one for the time being (2008), a dirt road comes up from the bottom left (from the south). Park the lower vehicle here in a suitable place.
Continue up the tarred road with the second one. At the top, the road crosses the rock bar (the stream below is not our canyon) and we reach a small plain where we can park the upper vehicle on the left (information board).

**Avvicinamento:** (traduzione alternativa)
From the parking lot follow the stream - Rio Vallcebre - to the rock bar and the 1st rappel.

**Giro:** (traduzione alternativa)
Usually several abseiling variants. See photos and video.

**Ritorno:** (traduzione alternativa)
Before the first bridge over the stairs, exit left and follow the dirt road north up to the tar road and the lower vehicle.

Automatisch importiert von Descente-Canyon.com für Canyon Forat Negre Petite descente sympa à faire dans la région. Le prix de la descente est de 3€50 à payer en ligne ou au cabanon.
