Specialità:

Attrezzatura:

Sintesi: (traduzione alternativa)
Short tour that is only worthwhile in combination with another activity (e.g. Pod Lanisce water cave) in the area. There is also an upper part which is completely unrewarding (rappel up to 25m).

Idrologia:

Accesso: (traduzione alternativa)
A23 to Ossoppo, through Tarcento and Nimis towards Attimis. After leaving Nimis, turn left towards Cergneu and then immediately left again towards Monteprado. Drive through the small village and park about one km after just before a leftward haipin bend.

Avvicinamento: (traduzione alternativa)
Follow the road until it gets close to the stream again and a short forest road branches off to the right. Descend to the stream via this forest road.

Giro: (traduzione alternativa)
The stream plunges straight into a beautifully washed-out mini-gorge.
* 3m slide
* 18m rappel, 2 anchors & sling on the left, anchor for traverse rope on the back right
* 4m downclimb
* 8m rappel
* 30m walk
* 7m slide, can be slid (pull in head) or rappelled after checking
* hiking and several small slides, at the house do not go through the private ground but stay in the streambed where a 3m rappel (tree behind) is waiting.

Access further up. However, the upper part of the tour is completely unrewarding (sloping abseils, lots of wood and thorns). The gorge is lovely but much too short. (traduzione alternativa)
