<b>Attrezzatura:</b>		
<b>Sintesi:</b> (traduzione alternativa) Alpine canyon, south-facing, with beautiful views of the Zugspitze massif		
<b>Idrologia:</b>		
<b>Accesso:</b> (traduzione alternativa) We drive from Garmisch-Partenkirchen on the B 23 in the direction of Ehrwal, Leremoos. After the end of the village, we pass the campsite, which is located to the right of the road in a Loisach loop. 550 m after the campsite access road and 140 m before the road branches off to Grainau/Eibsee, we turn right downhill and park our car at the exit of the cul-de-sac.		
<b>Avvicinamento:</b> (traduzione alternativa) From the parking lot, walk about 100 m further upstream and then take the footbridge to the other bank. Continue straight ahead and up to the "Kramer-Plateu-Weg". Once there (800m above sea level), we reach the bridge over the Kogerlaine about 400m to the west. Immediately after the bridge, take the path to the right up towards Stepbergalm, Kramerspitz. At around 1260 m above sea level, the path crosses the cirque below the Gelbe Gwänd. Now either downclimb in this chute or return to the last steep grassy chute and descend to the stream.		
<b>Giro:</b> (traduzione alternativa) Walking passages alternate with rappels. At around 860 m above sea level, we reach a longer flat passage in the open streambed. Here you can exit to the left onto a somewhat overgrown path, which later leads onto a forest path and then back to the ascent path. There is now a challenging narrow passage in the stream itself before it reaches the valley floor at 760 m above sea level.		
<b>Ritorno:</b> (traduzione alternativa) After the exit of the descent, keep left to the footbridge over the Loisach and cross it back to the car.

Very scenic tour. Some of the anchors are old but still usable. (traduzione alternativa)
