Sintesi: (traduzione alternativa)
Water leading rappel canyon.

Idrologia:

Accesso: (traduzione alternativa)
From Ierapetra westward along the sea (rarely seen) to Myrtos (14 km). Passing the village, the road (No. 97) turns inland towards Ano Viannos and goes uphill. We pass Iera Petra and come to Martha. From here we continue in the direction of Pyrgos. 2.3 km after passing Demati we reach the turnoff to Tsoutsouros just before the village of Kato Kastelliana (from Myrtos to here 53 km.\nNow we descend to Tsoutsouros (0.9 km). Once here, we turn at an acute angle onto the road, which bends in an easterly direction, first parallel to the coast, then in a northerly direction. After 600 m we reach a junction (still before the greenhouses on the left side of the main road) and park the lower car here.\nWith the second car we drive back again 600 m, then again up to the right in the direction of Kato Kastelliana. 4.4 km further up we turn right onto a dirt road heading east. After 1.1 km we reach the exit of the slope at a "concrete box with flat roof". Here we park the upper car.

Avvicinamento: (traduzione alternativa)
We take the rocky path in a southerly direction and after about 750 m in a southeasterly direction we descend steeply on sight into the streambed.

Giro: (traduzione alternativa)
After a few meters the valley narrows, the stream now carries water. Now rappel passages follow in an increasingly narrow gorge. Finally, the canyon opens again and below us we see the village and the sea.

Ritorno: (traduzione alternativa)
Under the last high rock wall to the left we do not descend further in the stream, but keep left out onto a dirt path that takes us down to the village and directly to the car.
