Accesso: (traduzione alternativa)
From Bern or Lucerne to Interlaken. There we leave the A8 via exit 25 - Wilderswil - to the south and then drive to Grindelwald and further towards Große Scheidegg. At the Hotel Wetterhorn (1230m altitude) we park our car on the large parking lot.

Avvicinamento: (traduzione alternativa)
First down the little road "Im Brand" in eastern direction, then over the Briggbach and on the hiking trail towards Schwarze Lütschine. Up the wooden steps we come to the restaurant (1375m altitude). From here we continue in southeastern direction to the canyon rim. Here you have the possibility to rope directly into the canyon (approx. 50m). Alternatively, cross the canyon on the steel ropes (for the bridge suspended here in summer) (pulley - 12mm - useful). and climb up the other side, as far as the glacier has cleared the stream.

Giro: (traduzione alternativa)
At the beginning only a little cut brings us a C15 deeper down. The next drop brings us then in 2 steps or directly over 20m further down. Later a C18 and at the exit a C10 with some smaller steps for downclimbing. Again in the open gravel bed we have reached the exit of the tour.

Ritorno: (traduzione alternativa)
At a suitable point, turn right onto the approach path and follow it back to the car.

Automatisch importiert von Descente-Canyon.com für Canyon Schwarze Lütschine Enchainé après Trummelbach V. Nous n'avons pas traversé le cable par manque de temps, mais il semble encore en état correct. Nous avons rajouté plusieurs points pour doubler ou remplacer des amarrages manquant ou non accessible du a un changement de morphologie des cascades. Eau bien plus froide que Trummel le matin. Le chemin d'accès n'existe plus, mais ca grimpe encore très bien. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/22863/observations.html)

The access is definitely part of the adventure, almost more difficult than the canyon itself. (traduzione alternativa)
